

# Arvika Ljus! Sweden 2021

October 30 - December 5, 2021

Video installation: "A sense of wonder" by Dutch artist: Marjan Laaper in Arvika Sweden during "Arvika Ljus" 2021

**Arvika Ljus! is a walk along light works of art in Arvika center,**

organized by **the cultural association Kolonin.**

October 30 - December 5, 2021

The ambition this year is to give a positive injection to the local cultural life and to inspire discussion and creativity based on art and its role in our society. The people of Arvika get to meet artistic creation in places they associate with something completely different. The festival also brings together property owners, companies and other actors who contribute places and resources to show the art, it is an important part of anchoring the event in the city and creating participation.

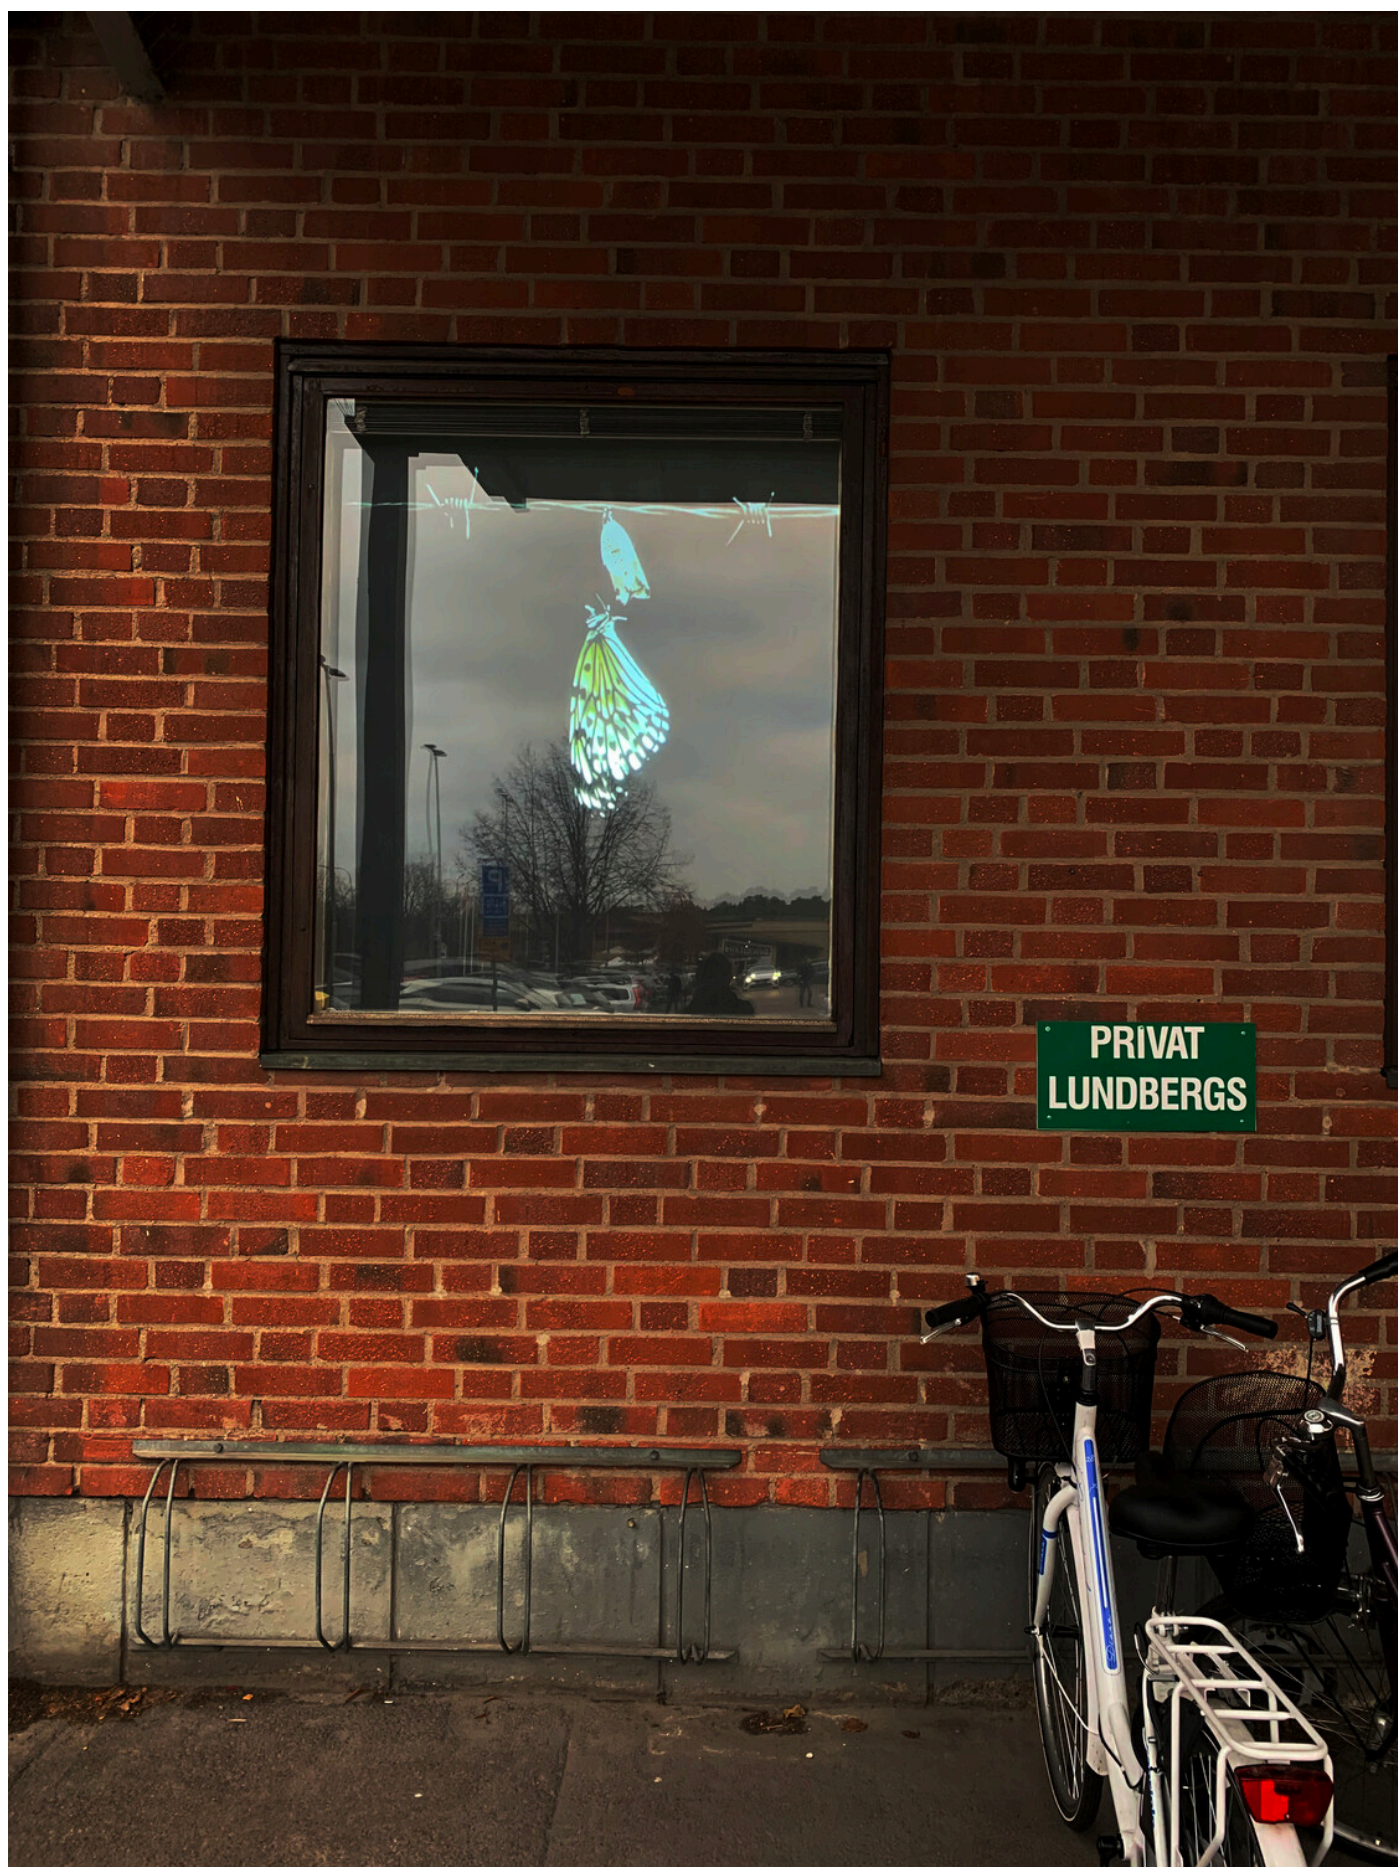

During the festival, guided tours and artist talks are arranged for visitors and information about the works will be available in Arvika Ljus! app, as well as flyers that will be at the tourist office and shops.

This year's participants consist of Swedish and international artists who work site-specifically with lighting installations for Arvika Ljus!

Video installation: "Cocoon" by Dutch artist: Marjan Laaper in Arvika Sweden during "Arvika Ljus" 2021

The project is arranged by Ideella Föreningen Kolonin in Arvika, which works for a diverse cultural and artistic life in Arvika.
